AI TALENT RECRUITMENT

Build real systems. *Solve real problems.*

Nexus AI Horizon is expanding its AI consulting and automation services. We design and deploy practical AI solutions that create measurable impact for businesses — not demos, not slideware.

ENGINEERING STUDIO

FIVE OPEN ROLES · 2026

We're hiring engineers and analysts who can take a brief, build the system, deploy it to a client, and *stand behind it.*

CARL LOUIS
FOUNDER & CEO

01 OPEN ROLES
Who we're hiring

01 **AI Engineer**
02 **ML Developer**
03 **Automation Specialist**
04 **Prompt Engineer**
05 **Data Analyst**

02 THE WORK
What you'll do

Build AI agents and automation systems
Work on live client projects from day one
Improve business workflows using AI
Deliver solutions that drive measurable results

03 ABOUT YOU
What we look for

GitHub portfolio — required
Proven project experience — shipped work
Strong problem-solving — first-principles
Independent — ownership, not hand-holding
